PROFESSIONAL SUMMARY

Motivated BCA undergraduate at Dhote Bandhu Science College with practical exposure to web technologies, database management, and AI-assisted development tools. Proven ability to integrate modern AI capabilities (LLM APIs, prompt engineering) into software workflows to build practical solutions. Quick learner with hands-on foundational skills in frontend development, system basics, and full-cycle code debugging.

TECHNICAL SKILLS

- **Programming & Web:** HTML5, CSS3, JavaScript, C++, Python, Basic Java
- **Database & Systems:** DBMS, SQL, Linux / Shell Basics
- **AI & Modern Dev Tools:** AI-Assisted Development (Gemini, Claude), GitHub, Git, VS Code, JetBrains IDEs
- **Core Concepts:** Data Structures, Object-Oriented Programming, System Basics

PROJECTS

AI Code Provider & Assistant | *code ide pro*

Project link : <https://snapcraft.io/codepro-ide>

- Built a developer utility tool leveraging AI APIs to generate, explain, and debug code snippets across multiple programming languages.
- Designed structured system prompts to analyze programming errors, recommend optimized syntax, and provide step-by-step logic explanations.
- Implemented a clean, user-friendly web interface allowing users to input code problems and receive formatted solutions instantly.
- Integrated version control using Git/GitHub to manage source code and feature updates.

Student Database Management System | *Academic Project (BCA)*

- Developed a relational database management model to store, retrieve, and update student academic records and course enrollments.
- Executed SQL queries for record retrieval, updates, and filtering based on semester performance.
- Ensured data consistency and minimal redundancy using normalization principles.

EDUCATION

Bachelor of Computer Application (BCA)

Dhote Bandhu Science College, Gondia (Rashtrasant Tukadoji Maharaj Nagpur University)

Expected Graduation: 2027

- Key Coursework: Web Technologies, Data Structures, Database Management Systems, Linux & Operating Systems

Higher Secondary Certificate (12th / HSC)

State Board of Maharashtra

Completed: 2024

CERTIFICATIONS & CONTINUOUS LEARNING

- Self-paced coursework in Software Development & Web Foundations (freeCodeCamp / Infosys Springboard)
